

Can we collect a global mandate for democratic world government in less than one year?

Sure, if the first “YES” voter brings in 2 more “YES” voters in 1 week, and receives promises that those 2 will each do the same thing and bring in 2 other new “YES” voters the following week, etc. (See below.)

This is admittedly an improbable scenario, but *it could work!* Pyramid schemes are illegal and immoral only if the goal is to steal money. This “chain voting” plan is meant only to achieve world peace through world law! Even allowing for net decay (meaning the chain-voters who do not follow through are more numerous than those who get *more* than two new voters), a scheme such as this could still produce the desired result in a year or two.

Chain voting checklist

- 1 Did I cast my own “YES” vote at www.voteworldgovernment.org? _____
- 2 Did I tell my “recruiter” that I voted, and that I promise to start two chains? _____
- 3 Did I get one other person to vote and promise to continue the chain? _____
- 4 Did I get a second person to vote and promise to continue the chain? _____
- 5 Did my first recruit *confirm* that he or she got two more new recruits? _____
- 6 Did my second recruit *confirm* that he or she got two more new recruits? _____
- 7 Did I tell my recruiter that my two recruits voted *and got their two recruits each*? _____
- 8 Did I start a new chain if one of my recruits failed to do his or her entire job? _____
- 9 Did I confirm to my recruiter that my #1 through #6 have all done their jobs? _____
- 10 Did I consider starting some new chains even though I’ve already done my bit? _____

Below, fill in the names of the *direct* recruits in your two chains (#1 and #2), then fill in the names (#3, #4, #5 and #6) of the next “generation” of YES voters on your two chains. You must confirm that your two direct recruits (#1 and #2) did their job *in full*, but it may be a good idea to confirm that their four new recruits also did *their* job IN FULL, and did it within one week of casting their own votes. Each of these new people should of course fill in their own name beside the word “Me” (on the left, below) and carry on from there.

Please print or write clearly

	(#1 _____	(#3 _____	
	(_____	(#4 _____	
Me _____	(_____	(#5 _____	
	(#2 _____	(_____	
		(#6 _____	

There is nothing stopping anyone from starting more than two chains, of course, and the sooner we get to our goal of 2+ billion votes the sooner we’ll have the democratic world government. If possible, don’t write on this page. Make a photocopy of it and **print** on it. If you have 10 checkmarks and seven names written in, you are encouraged to scan your filled-in photocopy of this page and send the scanned copy to us (as an attachment to an email) for all future generations to see. Our address is voteworldgovernment@yahoo.ca. (Please, do not expect an answer—we are too busy to answer everyone, but you can rely on us to keep all these records *permanently*.)
